Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Borrowers struggling with multiple loans, unpaid EMIs, and debt stress	Find a clear way to resolve my unpaid EMIs and reduce my debt stress.	Lenders reject my direct offers or demand huge lump-sum payments.	I lack legal/financial knowledge and have no automated assessment tool	Overwhelmed, anxious, and financially trapped
