Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses.

SAYS "I want to pay back, but I can't afford these high EMIs." "Creditors call me daily, and I don't know how to negotiate." "Is there a simple way to figure out a realistic settlement?"	THINKS "Will the bank take legal action against me if I can't pay?" "Other people manage their debts — what am I doing wrong?" "If only there was a smart tool that could tell me exactly how much to offer for settlement"
NAME (Type)	
DOES *Avoids answering calls from unknown collection agencies. *Manually tracks loan balances and interest rates on paper. Searches online for debt settlement templates and guides.	FEELS Stressed and anxious about growing debt and interest Hopeful that technology can simplify debt management Hopeful that technology can simplify debt management
